

# CyPi Fest!

---

## Wednesday July 17<sup>th</sup> 2019 University of Pisa meets University of Cyprus

MBA Ampitheatre (Room B224, Floor -2, OED 01)  
University of Cyprus, Panepistimiou Avenue, Nicosia, Cyprus

10:00 – 10:30 *Registration*

10:30 – 10:45 *Welcome by the host and the organizers*

10:45 – 11:00 **David Burr** - Serial dependence in perception

11:00 – 11:15 **Michele Fornaciai** - Characterizing the behavioral signature of serial dependence

11:15 – 11:30 **Roberto Arrighi** - A shared representation of Space, Time and Number between action and perception

11:30 – 11:45 **Irene Togoli** - Spatiotemporally Modulated Stimuli Leads to a Symmetrical Interaction between Time and Numerosity

11:45 – 12:00 *Coffee break*

12:00 – 12:15 **Concetta Morrone** - Visual cortical plasticity in sighted and amblyopic adults

12:15 – 12:30 **Alessandro Benedetto** - Voluntary action modulates visually evoked cortical responses in primary visual cortex

12:30 – 12:45 **Jan Kurzwski** - Mapping the characteristics of visual cortex using ultra high field fMRI

12:45 – 13:00 **Koulla Mikellidou** – The peripheral visual field

13:00 – 15:00 *Lunch break & demo of the VR equipment from the EPLab*

15:00 – 15:15 **Peter Thompson** - Finding Neymar: detection and discrimination of football kits

15:15 – 15:30 **Tam Ho** - Oscillations of sensitivity and decision criterion in audition

15:30 – 15:45 **Paola Binda** - Inter-individual differences in perceptual styles

15:45 – 16:00 **Marios Avraamides** - Place recognition and ageing

16:00 – 16:15 *Coffee break*

16:15 – 16:30 **Andria Shimi** - The functional role of attention in working memory over development

16:30 – 16:45 **Nikos Konstantinou** - Visual Short Term Memory Load Interacts with Attention in Reducing Apparent Contrast Perception via Contrast Gain

16:45 – 17:00 *Concluding remarks and open discussion*

---
